Sourcing & Quality

Products are reviewed against buyer-specific grade, size, moisture, assay or other technical and commercial requirements before final confirmation.

Packing & Documents

Bag, carton, bale, bulk and selected private-label packing can be discussed together with relevant export and shipment documents.

Commercial & Shipment

From inquiry and quotation through order planning, loading and dispatch, we coordinate each stage with clear buyer communication.

Core Product Categories

- Pakistani Rice
- Fresh Fruits & Vegetables
- Himalayan Pink Salt
- Animal Feed & Forage
- Gemstones & Minerals
- Moroccan Rock Phosphate

Pakistani Rice

AMAL TRADE PRIVATE LIMITED | INTERNATIONAL PRODUCT CATALOGUE 2026

PRODUCT CATEGORY

Premium Basmati and non-Basmati rice varieties for importers, wholesalers, distributors and food-service buyers. Final grade, broken percentage, finish, packing and shipment basis are confirmed against the buyer requirement.

Main Varieties

- Super Kernel Basmati - aromatic premium Pakistani Basmati for retail and wholesale markets.
- Kainat 1121 Basmati - extra-long grain format for premium import programmes.
- PK-386 Long Grain - established Pakistani rice variety for value-focused markets.
- IRRI-6 and IRRI-9 - non-Basmati long-grain options for high-volume commercial supply.
- C-9, KS-282 and Broken Rice - additional formats subject to current sourcing.

Buyer Discussion Points

- Variety, grain profile and processing form.
- Broken percentage, milling, polish and finish requirement.
- Retail, wholesale or bulk bag configuration and buyer branding.
- Container quantity, shipment schedule and destination port.
- Inspection, analysis or destination-specific documentation where required.

EXPORT NOTE

Final quotation is based on confirmed variety, grade, packing, quantity, destination port and shipment window.

Fresh Fruits & Vegetables

AMAL TRADE PRIVATE LIMITED | INTERNATIONAL PRODUCT CATALOGUE 2026

PRODUCT CATEGORY

Seasonal Pakistani fruits and vegetables are prepared according to crop availability, grade, size, export packing, temperature requirements and destination-market conditions.

EXPORT-READY PRODUCT CATEGORY | SPECIFICATIONS CONFIRMED AGAINST BUYER REQUIREMENTS

Fresh Fruits

- Chaunsa Mango - premium sweet Pakistani mango for seasonal export programmes.
- Sindhri Mango - large early-season mango with strong wholesale and retail appeal.
- Langra Mango - traditional Pakistani variety for selected export markets.
- Kinnow Mandarin - key Pakistani citrus line, typically supplied in export cartons.
- Malta and selected citrus - availability and packing confirmed by season.

Fresh Vegetables

- Potato and Onion - core commercial vegetable lines for regional and international buyers.
- Carrot, Okra and Bitter Gourd - selected fresh produce subject to season and grade.
- Radish, Beans and other seasonal vegetables sourced to buyer requirements.
- Size grading, carton or bag configuration and palletisation reviewed per product.
- Reefer / cold-chain and phytosanitary needs confirmed before shipment.

EXPORT NOTE

Fresh produce is quoted according to current crop season, export grade, packing format, cold-chain needs and destination compliance.

Himalayan Pink Salt

AMAL TRADE PRIVATE LIMITED | INTERNATIONAL PRODUCT CATALOGUE 2026

SIGNATURE CATEGORY

Pakistani Himalayan Pink Salt is supplied across food-use, animal-use and decorative applications. Final grain size, form, analysis, packing and labelling depend on intended use and destination requirements.

EXPORT-READY PRODUCT CATEGORY | SPECIFICATIONS CONFIRMED AGAINST BUYER REQUIREMENTS

Product Forms

- Food Use: fine powder, fine grain, medium grain and coarse grain formats.
- Chunks and crystals for grinders, gourmet retail, food service and commercial processing.
- Animal Use: lick blocks, salt bricks and custom livestock-use dimensions.
- Decorative Use: lamps, candle holders, blocks, bricks and selected gift products.
- Bulk and retail formats can be discussed according to order volume.

Commercial & Packing Options

- Retail jars, pouches, cartons and buyer-specific private-label presentation.
- Bulk food-service and industrial packing subject to product form and quantity.
- Grain size, purity, moisture, additives and analysis confirmed by intended market.
- Food-use, animal-use and decorative products are treated as separate commercial ranges.
- Inspection, labelling and destination compliance reviewed before final offer.

EXPORT NOTE

Food-use, animal-use and decorative pink-salt products are quoted separately according to intended use, specification and packing.

Animal Feed & Forage

AMAL TRADE PRIVATE LIMITED | INTERNATIONAL PRODUCT CATALOGUE 2026

PRODUCT CATEGORY

Forage inquiries are reviewed according to bale size, compression, moisture, protein, harvest stage, packing, container loading and destination documentation requirements.

Main Products

- Rhodes Grass Hay - dried forage supplied in bale formats for livestock buyers.
- Alfalfa Hay / Lucerne - higher-protein legume forage for dairy, beef and equine markets.
- Wheat Straw - roughage and bedding material for livestock applications.
- Corn Silage - fermented whole-crop feed, subject to shipment and storage feasibility.
- Dry Stalks & Roughage - selected agricultural roughage formats by current sourcing.

Buyer Discussion Points

- Bale dimensions, approximate net weight and compression level.
- Moisture and protein targets where relevant to the product.
- Harvest season / cutting stage and current stock position.
- COA, phytosanitary certificate, inspection or origin documents as required.
- Container loading quantity, wrapping and shipment schedule.

EXPORT NOTE

Forage quotations are prepared after confirming current crop/stock, bale specification, analysis requirements, packing and destination.

Gemstones & Industrial Minerals

AMAL TRADE PRIVATE LIMITED | INTERNATIONAL PRODUCT CATALOGUE 2026

NATURAL RESOURCES

Natural-resource inquiries are evaluated according to material identity, grade, assay or analysis, impurity limits, quantity, packing and destination requirements.

Pakistani Gemstones

- Sapphire - selected stones subject to colour, clarity, size and current availability.
- Red & Pink Jasper - natural material for decorative, lapidary and commercial use.
- White & Pink Agate - selected rough or processed supply based on buyer requirement.
- Other stones may be reviewed according to sample, grade and commercial quantity.
- Raw, cut or processed form is confirmed before quotation.

Industrial Minerals

- Pakistan-sourced mineral products reviewed against buyer specification and end use.
- Grade, assay, impurities and physical form are core technical parameters.
- Representative sampling and laboratory method can be agreed where required.
- Packing may include bags, jumbo bags, bulk or buyer-specific industrial formats.
- Source-specific analysis and availability are confirmed prior to binding offer.

EXPORT NOTE

Natural-resource transactions proceed on verified material identity, representative analysis, current availability and agreed commercial quantity.

Moroccan Rock Phosphate

AMAL TRADE PRIVATE LIMITED | INTERNATIONAL PRODUCT CATALOGUE 2026

MOROCCO OPERATIONS

Moroccan Rock Phosphate supply is coordinated through Al Amal Impex - Morocco operations. Buyer inquiries should define the required P2O5 / BPL, moisture, particle size, major chemical parameters, impurities, quantity, inspection and destination.

Technical Requirements

- Required P2O5 / BPL grade and acceptable tolerance.
- Moisture, particle size and required physical form.
- Major chemical components and impurity limits requested by the buyer.
- Source-specific COA / analysis reviewed against the final commercial requirement.
- Inspection and representative sampling requirements agreed before shipment.

Commercial Scope

- Bulk supply for fertilizer, phosphoric-acid and industrial processing buyers.
- FOB, CFR and CIF structures evaluated according to port, vessel and shipment window.
- Quantity, loading basis, laycan and destination determine the final commercial structure.
- Price and freight reconfirmed before a binding offer due to market volatility.
- Final source allocation and contract structure are confirmed in writing.

EXPORT NOTE

Moroccan Rock Phosphate is handled through Al Amal Impex - Morocco operations, with final COA, price and shipment basis confirmed in writing.
